## Seoul Innovation Park Self-guided Tour

We delightedly recommend you a few courses for your self-guided tour that offer opportunities to take a look at various activities in Seoul Innovation Park. A special opportunity is waiting for you to take a rest in nature, read books sometimes to ponder, and participate in practices and production! Why don't you make up your course by referring to the followings?

**A course that meets nature and art**

#nature #rest #play #event #art

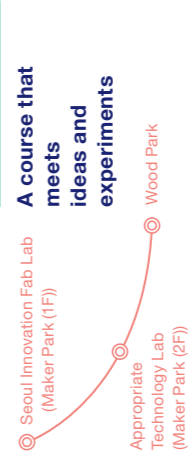

On the bench in **Piano Forest** you can take some rest during weekdays. On the weekend, you can also participate in various events, for example, an open market, a music concert, or a festival. Please drop by **Membrane Library** and pick up a book or two for a moment that catch your eyes. You will also enjoy looking at many plants that grow in **Light Pole House** and various meetings that might occur there sometimes. You might buy toys at **Upcycling Park** or make ones by yourself. Lastly, please visit **SeMA Storage** and fill your mind with art.

**A course that meets ideas and experiments**

#maker #appropriate technology #woodwork #ecological energy

You can print out the design in your mind only using the 3D printer at **Seoul Innovation Fab Lab**. You can also experience the solar-powered fountain and the wind power generator at **Appropriate Technology Lab**, and then participate in a workshop where you can learn appropriate technologies for your life. Finally, please attend to basic woodwork classes and make your furniture in person at **Wood Park**.

**A course that meets stories and meetings**

#library #meeting #quiet space

You can read books on various types of living and fresh breeze and the scent of grass. You can spend more time quietly surrounded by other books on various subjects at **Reading Room**, or take a rest and chat with your best friends.

### Please keep in mind in Seoul Innovation Park!

All buildings and structures in Seoul Innovation Park are used for innovators' workplaces, so take caution not to make a noise on a visit. Please keep yourself from taking photos thoughtlessly. Visit might be restricted due to events or training schedule.

## Get the Most of Visit to Seoul Innovation Park

Seoul Innovation Park is ready to open to all innovators and citizens. Please walk through places in Seoul Innovation Park organized under various themes and experience new pages in your daily life. You can find new possibilities while you are learning, making and sharing something new in Seoul Innovation Park.
